

Year 6 assessments 2020/2021

The statutory assessment of pupils at the end of Key stage 2 was cancelled for the academic year 2020-2021 due to COVID.

CSS used past SATs paper and teacher judgements to provide assessment data to inform teaching and planning. This enabled us to give information to parents/carers on their child's attainment in their annual report and to support transition of pupils to their secondary schools.

Local authorities will not be undertaking monitoring or moderation activities.

There is a plan for a full programme of primary assessments to take place in the 2021/22 academic year.
